

Perturbation convergence on module 20

positive regulation of cell motility
positive regulation of locomotion
regulation of cell motility
regulation of locomotion
regulation of leukocyte migration
locomotion
positive regulation of leukocyte migration
regulation of mononuclear cell migration
positive regulation of cell migration
regulation of cell migration
leukocyte migration
mononuclear cell migration
positive regulation of chemotaxis
cell motility
positive regulation of mononuclear cell migration
regulation of chemotaxis
chemotaxis
taxis
cell migration
regulation of lymphocyte migration
