

Perturbation convergence on module 17

inorganic ion homeostasis
intracellular chemical homeostasis
intracellular monoatomic cation homeostasis
intracellular monoatomic ion homeostasis
monoatomic ion homeostasis
monoatomic cation homeostasis
cellular homeostasis
chemical homeostasis
homeostatic process
intracellular calcium ion homeostasis
calcium ion homeostasis
metal ion transport
cellular response to chemical stimulus
regulation of system process
detoxification
calcium ion transmembrane transport
regulation of heart contraction
calcium ion transmembrane import into cytosol
regulation of calcium ion transmembrane transport
monoatomic cation transport
