

Perturbation convergence on module 12

leukocyte activation
lymphocyte activation
cell activation
regulation of leukocyte activation
regulation of lymphocyte activation
regulation of cell activation
T cell activation
regulation of cell–cell adhesion
regulation of T cell activation
regulation of immune system process
immune system process
regulation of leukocyte cell–cell adhesion
leukocyte differentiation
mononuclear cell differentiation
lymphocyte differentiation
regulation of cell adhesion
positive regulation of leukocyte activation
regulation of lymphocyte proliferation
cell–cell adhesion
leukocyte cell–cell adhesion
