Perturbation convergence on module 8

endoplasmic reticulum to Golgi vesicle−mediated transport
Golgi vesicle transport
cellular lipid metabolic process
establishment of protein localization
lipid biosynthetic process
lipid metabolic process
protein glycosylation
macromolecule glycosylation
fatty acid metabolic process
glycosylation
protein transport
protein N−linked glycosylation
organic acid biosynthetic process
carboxylic acid biosynthetic process
olefinic compound metabolic process
fatty acid biosynthetic process
glycoprotein biosynthetic process
unsaturated fatty acid metabolic process
unsaturated fatty acid biosynthetic process
glycoprotein metabolic process
